

讀者資料轉移授權書

User Data Transfer Authorization Form

為提高圖書館服務效率，大學採購了 Exlibris 公司的“Alma 新一代圖書館服務平臺”，並於 2022 年 6 月正式上線，因該服務平臺為雲端服務，為此，讀者資料將被放在雲端（讀者姓名、用戶賬號、學院/部門等）。安全和數據隱私是使用國際協議和標準處理，例如：ISO / IEC 27001（信息安全管理系統（ISMS）的標準）。

To improve library service efficiency, university acquire Alma from Exlibris Group, a next-generation library services platform, which has gone online in June. As Alma is a cloud-based service platform, user data (patron name, patron account, faculty/department, etc.) will be transferred to cloud servers for storage.

Regarding security and data privacy, the security model and controls are based on international protocols and standards and industry best practices, such as ISO/IEC 27001 (the standard for information security management systems -- ISMS).
